Lori,

Please add simply the contents of the email to the agenda for information for next weeks meeting. The attachments are not required.

Council, as you may recall, we applied for multiple locations for the solar panels under comfit. Last week, we received notice that we had a successful application for the wedgeport fire department! This is great news, and another revenue generating opportunity for Argyle.

Good times!!

Alain

Subject: Solar Electricity for Community Buildings - What is Next?

Good afternoon,

Congratulations - your project was successfully awarded a 20-year power purchase agreement (PPA) as part of the Nova Scotia Dept. of Energy and Mine's Solar Electricity for Community Buildings Program! Led by our communities, we look forward to seeing the adoption of solar energy grow in Nova Scotia.

As you move towards building your project, **please reference the attached Next Steps Guide**. The guide contains information on the three key documents that **must** be completed to connect your project and begin selling your solar energy to the grid. If you were successful with multiple projects, please ensure documents are submitted for each individual project. Those are:

- Interconnection Request ([find here](#)) through Nova Scotia Power. If you are not a Nova Scotia Power customer, you must contact your utility for their interconnection documents.
- Power Purchase Agreement Schedules C & D (attached, return to SECB program)
- Consent to Use of Information Form (attached, return to SECB program)

Our Communications staff will be in touch to discuss how we will announce this year's winners. We ask that you **do not** publicly announce your success. However, do not hesitate to begin your work. If you have any questions about publicity or announcements, please reach out to toby.koffman@novascotia.ca

If you have any other questions or need assistance to begin your work, please feel free to contact us at solarcommunitybuildings@novascotia.ca or 902-478-4904.

Keep in touch & we look forward to your success.

Sheena Parris
