Dear Warden Anthony,

With the announcement from Web.com on December 4<sup>th</sup> of their impending closure, the Yarmouth & Area Chamber of Commerce would like to offer its assistance in finding a suitable employer that can replace these lost jobs.

As a membership-driven not-for-profit organization whose purpose is to represent the business community of the Town of Yarmouth, the Municipality of the District of Argyle, the Municipality of the District of Yarmouth and the surrounding area we feel as though we can have an impact in helping attract a new employer. As you and your team move forward please reach out to us to leverage our strong voice, the voice of the business community. We know and have seen examples of how a strong Chamber of Commerce like ours can be an asset to attracting new businesses to the community.

This will not be an easy task and we believe that it's in the best interests of all the employees and the community that all levels of government and community/business organizations such as the Chamber come together and work toward a common goal. We are happy to assist or take a lead role in this work.

We look forward to discussing this with you at your convenience.

Regards,

Rick Allwright
